THE OFFER

ORIGINAL ART, *made for* YOUR PROJECT

I create paintings for residences, hotels and restaurants — from one statement piece to a coherent series for the whole space. Every work is painted by hand, in the size and palette your project needs.

THE ARTIST

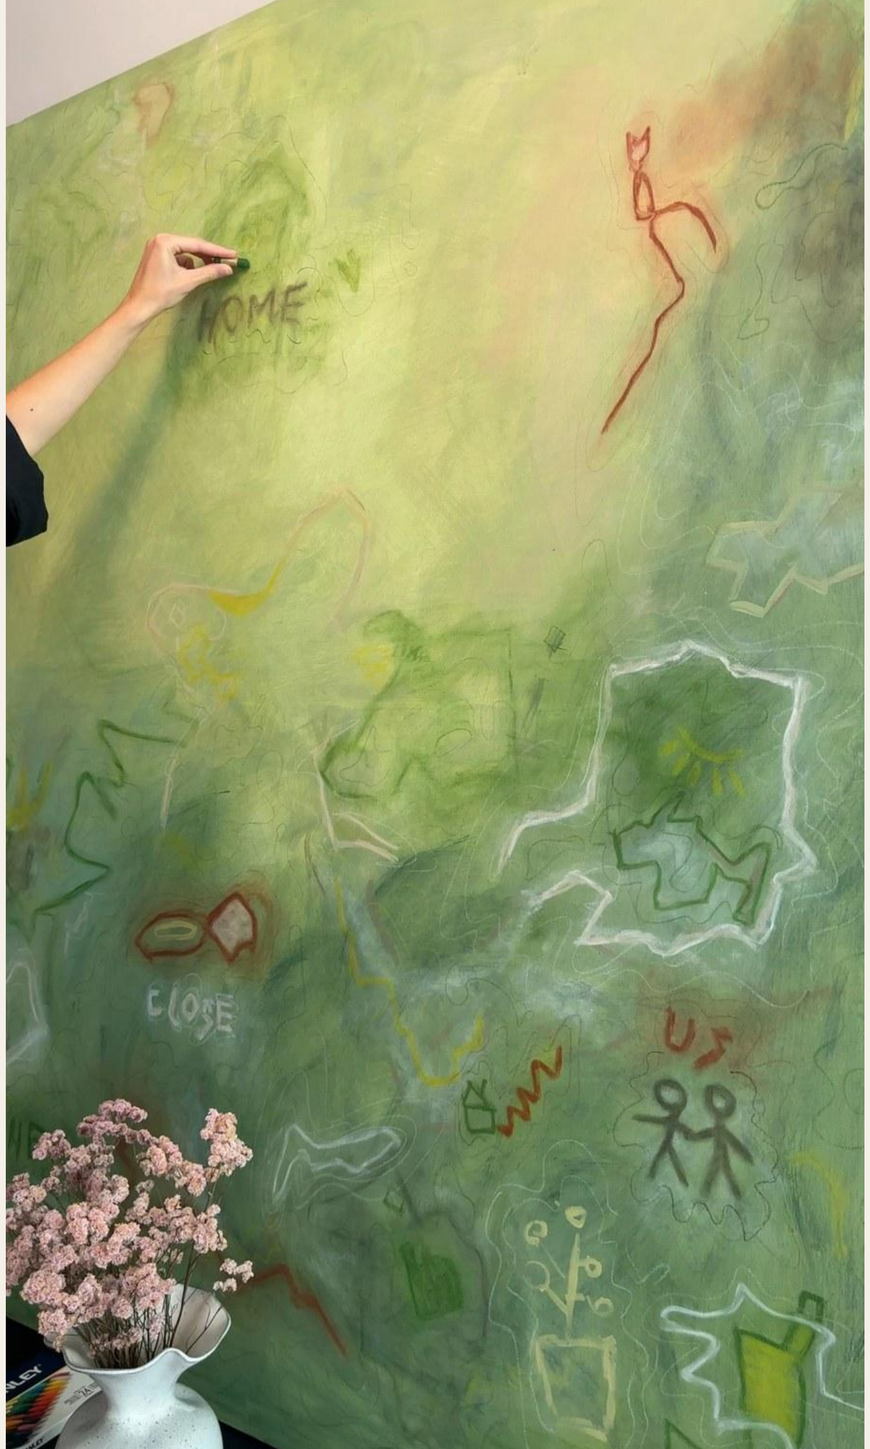
LENA TROFIMOVA

Ukrainian artist based in Barcelona. I paint large-format abstract works built on colour, organic form and hand-drawn detail — art that feels personal, never decorative filler.

APPROACH

INTUITION *before* FORMULA

I start from a feeling, a colour or a movement and let the painting find its own direction. For a commission we agree on scale, palette and mood — the rest stays alive, so the work never looks produced.



TECHNIQUE

LAYERS YOU CAN *walk up to*

Acrylic washes, charcoal, oil pastel and drawn line on canvas. Thin transparent layers build depth; hand-drawn contours, signs and words appear only when you come closer.

Each original is signed and comes with a certificate of authenticity.

SERIES I · THE STORY

TERRA

missed colours

Terra began in Portugal. I remember coming out of the ocean cold and wet and watching an enormous orange-red sun just before it disappeared.

On the sunless days that followed, I missed those colours. I brought them back onto canvas to hold on to the freedom I feel in the water and the sense of being part of nature.

SERIES II · THE STORY

SMALL WORDS

a map of belonging

In Small Words, I keep returning to familiar words like home, close and here. They make me think about what it feels like to belong.

I build up thin washes of green, then draw words, small figures and wandering lines into the surface with oil pastel. Up close, those marks feel like fragments of a memory.

SERIES II

SMALL WORDS

A separate, quieter series in layered green. Handwritten words and small signs — a map of belonging.

SMALL WORDS · 01

HOME, CLOSE, HERE

Words and figures drawn in oil pastel: home, close, here, us. Calm at a distance, intimate up close.
